

Clarification about Login of Nodal and Operator (25/11/2016)

Format for login of Nodal (Admin Login) is

DEPXY

where X = District Code and Y = Department Code

Format for login of Operator Login (For data Entry of Officer) is

OPXP

where X = District Code and Y = Department Code

For Example Lucknow District Code=57 and if Department Code is 203

Then admin login(Nodal Login) will be DEP57203 and operator Login will be OP57203.

Note: Some of the operator login by mistake print on the letter Send as opP57203 which is wrong correct is OP57203 (Example Only)
